## Study Skill: A Compare and Contrast Graphic Organizer

**Directions:** What do we want to learn today? Let's master these concepts!

1. In the boxes at the top, list the topics and/or concepts that you want to compare and contrast.
2. Begin by contrasting the concepts. For each statement you list under one topic, you must have a contrasting statement in the corresponding box under the second topic.
3. In the last box, make a list of the similarities between these two subjects.
